MAYFACS

Volunteer Impact Statement 2026

Volunteers are at the heart of MAYFACS, giving their time, skills, energy and compassion to support our work and strengthen the communities we serve. Throughout 2026, their contribution has continued to make a meaningful difference, helping us extend our reach, respond to local needs and create positive experiences for the people who engage with our services.

This Volunteer Impact Statement celebrates the dedication of our volunteers and highlights the value they bring to MAYFACS. It reflects not only the time they generously contribute, but also the relationships they build, the skills and experience they share, and the positive impact their involvement has on individuals, families and the wider community.

By recognising and measuring this contribution, we aim to demonstrate the vital role volunteering plays in achieving MAYFACS' objectives while ensuring that every volunteer feels valued as an important part of our organisation and its future.

New Initiatives

Growing Our Impact Through New Initiatives

This year, MAYFACS has expanded its support for the local community by launching a range of new initiatives designed to bring people together, reduce isolation and improve wellbeing. Our Community Lunch Club, Men on the Move, Moving Sounds and Bereavement Café have created new opportunities for people to connect, build friendships, share experiences and access support in welcoming and inclusive environments. Each initiative responds to different needs within our community while contributing to our wider charitable aim of helping people feel supported, connected and valued.

Volunteers have been at the heart of making this growth possible. Their time, skills, energy and commitment have helped turn new ideas into sustainable activities that are already making a difference. We have also strengthened our links with local businesses by developing corporate volunteering opportunities, enabling employees to use their volunteer hours to support MAYFACS and give something meaningful back to their community. By bringing together community members, volunteers and local businesses, we are increasing our capacity, reaching more people and building stronger connections across the community.
